How should the \$45,000 difference between the fair value of the net assets acquired (\$270,000) and the consideration paid (\$225,000) be accounted for by P Company?

- ☐ a. The current assets should be recorded at \$225,000
- ☐ b. The \$45,000 difference should be debited to Goodwill.
- ☒ c. A gain on bargain purchase of \$45,000 should be recorded. ✓
- ☐ d. The noncurrent assets should be recorded at \$ 135,000.

Your answer is correct.

The correct answer is: A gain on bargain purchase of \$45,000 should be recorded.

[v1 \(latest\)](#)

Sky Plc. Has a branch operation located in Burie. On the home office financial records, Sky white reports Investment in Burie branch account with a \$78,000 debit balance. At the same time, the branch operation is reported a Home office account with an \$81,000 credit balance. Which one of the following statement is the appropriate reason for a difference in balance b/n reciprocal accounts?

- ☐ A. All of the above statements are the reason for balance difference
- ☐ B. The difference indicates that cash may be in transit from the branch to the home office.
- ☐ C. Cash may have been collected by the home office for the branch but not yet reported to the branch.
- ☐ D. The difference indicates that inventory may be in transit from the home office to the branch.
- ☐ E. Since two different sets of record are being kept, these two accounts are designed no to agree.

Your answer is incorrect.

The correct answer is:

The difference indicates that cash may be in transit from the branch to the home office.

What is e-learning?

E-learning, or electronic learning, is a teaching and learning methodology wherein teachers utilise the internet and electronic devices to facilitate education. It encompasses various instructional formats, including online courses, tutorials, virtual classrooms, and interactive simulations.
